- A Three-Bladed Fan and a Louvered Sound-Control Top
- Louvered Cabinet made of Heavy-Gauge Galvanized Steel
- Attractive Architectural Gray Color Complements any Home

*To receive 10-Year Parts Limited Warranty term, online registration must be completed within 60 days of installation.

R-410A REFRIGERANT

Many refrigerants developed before R-410A contain chlorine, which is harmful to the ozone layer. R-410A is chlorine-free and therefore better for the environment. In fact, the Clean Air Act requires that as of 2010, all new air conditioning units manufactured in North America will use chlorine-free refrigerants. So by purchasing an R-410A system now, you're purchasing the latest in refrigerant technology . . . and helping the environment!

CONSISTENT COMFORT YOU CAN COUNT ON

Our durable, energy-efficient systems are manufactured with high-quality components that you can rely on. These features include an energy-efficient compressor and a factory-installed liquid line filter dryer for longer service life. The unit's unique louvered sound-control top helps ensure quiet, vibration-free operation, and its high-efficiency condensing coil is manufactured with high-quality, refrigeration-grade copper tubing and aluminum fins in a design that maximizes surface area. As a result, your new 13 SEER system offers high performance, energy efficiency and durability.

13 SEER ENERGY-EFFICIENT R-410A AIR CONDITIONERS

EFFICIENCY = SAVINGS

So, where do the savings come in? Your new system has a Seasonal Energy Efficiency Rating, or SEER, of up to 13, providing much more efficient energy use compared with the 10 SEER units found in many homes today. While the annual savings alone are impressive, the savings over time mean real dollars that stay in your pocket, not the utility company's.

UNBELIEVABLE WARRANTY*

We protect your new system with a strong warranty*, a testimony to our faith in the quality of this product. The 13 SEER Energy-Efficient Air Conitioner is protected by a **10-Year Limited Warranty*** on all functional parts.

*To receive 10-Year Parts Limited Warranty term, online registration must be completed within 60 days of installation.

For more information about R-410A Air Conditioning and Heating Systems,
call or visit your local ECR dealer for complete details.

*Ask your installer about a new,
high-efficiency furnace!*
