

The Olsen/Airco multi position oil furnace

34308042C - WML 80C B2U – Direct Vent – Beckett Burner - with vestibule

has been made obsolete and will no longer be manufactured. This model required special manufacturing modifications and had very low sales volumes over the last 5 years.

If you have a need for a multi position direct vent oil furnace with a Beckett burner, please order the

34308072C - WML 80C B2U – Direct Vent – Beckett Burner - without vestibule
